

Thandulwazi Maths & Science Academy

An educational programme established by the St Stithians Foundation

Thank you to our 2018 donors

One + All = Ubuntu in action

Collaboration and partnerships are key to running educational programmes like the Thandulwazi Maths & Science Academy. Since 2005, the Academy has actively pursued public-private partnerships with a range of stakeholders, strategic partners, individual donors and corporate funders. We thank our many partners in education for sharing our vision; for their generous support again in 2018; and for their wise counsel and willingness to work together on the programmes offered by the Academy. Collectively we can make a difference to education and contribute towards building a better future for all the citizens of our country. Thandulwazi aligns with the view of the former Public Protector, Advocate Thuli Madonsela, that:

*“If you consciously choose to be a positive influence in the world,
you will always find opportunities to make a difference ...”*

(Adv Thuli Madonsela, September 2016)

The Thandulwazi Trust is grateful for the funding received in 2018 from the following companies, grant-makers and trusts in support of the Thandulwazi Maths & Science Academy. Some donors have asked to remain anonymous:

St Stithians College continues to be the major partner of the Thandulwazi Maths & Science Academy. The College provides the facilities and infrastructure for the programmes; computer labs and internet access; staff to administer/ co-ordinate the programmes; support staff to prepare the venues; and academic staff, many of whom teach at the Saturday School, facilitate teacher workshops and/or mentor intern-teachers.

31 October 2018

“There can be no contentment for any of us, when there are children, millions of children, who do not receive an education that provides them with dignity and honour and allows them to live their lives to the full”

(Nelson Mandela, November 2007)
