DONATION AND SPONSORSHIP OPPORTUNITIES

Thank you for your interest in supporting St Stithians College. This guide outlines the various giving opportunities available to corporates, trusts, and individuals – including options for donations and sponsorships that make a meaningful impact on our school community.

A **DONATION** is a voluntary gift which is freely given to the donee. There must be no quid pro quo, no reciprocal obligations and no personal benefit for the donor.

SPONSORSHIP refers to a financial or in-kind contribution made by an organisation or individual to a person, event, organisation, or project, with the expectation of receiving a measurable commercial benefit, usually in the form of publicity, brand awareness, or marketing exposure.
