MESSAGE FROM THE OSA CHAIR

Dear Alumni

A belated welcome to 2015 to all of you, I trust your break over the Festive Season was a good one and the year has started well for you. As always, the beginning of the year is a busy one for the OSA as we head into a new year.

Shaun Edmeston
1998

This year has started with our **Crusaders Rugby side** traveling to the Cape Town 10's. With a full complement of players, they represented the OSA with distinction both on and off the field and although the results did not match the enthusiasm, a great time was had by all. **Special thanks to Spur, Higher Ground and Mickey Walker from McCullagh & Bothwell for the very generous sponsorships and to Kevin Parker and Christian Ashcroft for the hard work in piecing the tour together.**

After a long time and serious debates, we have reached a point with the School where work has been done to realign the **Admissions Policy** to the School, as well as the weightings given to Alumni in the process. A detailed mail will be sent in the next few weeks on how the new Policy works and what is required. I believe that this is by far the most transparent and rewarding Policy which has strong weightings to all Alumni. However, **the highest weighting of all in the new Policy is that of Date of Admission related to Date of Birth.** This means the earlier your child's name goes on the list, the better the chances of them getting accepted into the School. The best advice I can give is, don't wait.

Coming up in the next couple of months is of course the **Easter Sports Festival** which promises to be another great occasion over the Easter weekend. We have a sparkling array of schools and sports which will take place over the weekend with entertainment for the whole family. I do hope to see you there.

There are two additions to the OSA, the first is that of the **OSA Wind shield Disc** to Life members, which gives you access to the property without having to complete the entry process. These can be collected at the Higher Ground, from the Crusaders office between 9am and 4pm, Monday to Friday. Secondly, the **OSA app** has been launched in the latter parts of 2014 and is starting to gain traction. On this app you will find communications, events, schedules and of course your Membership Card which entitles you to discounts at the bar at Higher Ground, with more value to come through the year. A mail will be sent to you, reminding you of your user details which you will need to download the app.

With that, I look forward to seeing you at Higher Ground soon.

Old Stithian App !

It gives the OSA Committee great pleasure to announce the launch of the **Old Stithian App for mobile**.

Mobi Site : <http://osa.telecode.de/mobi>

Android : <https://play.google.com/store/apps/details?id=za.co.digitalpeppa.eventpeppa.osa>

Introduction : The Old Stithian App forms an integral part of our Membership strategy and communications roadmap going forward. Your new App is positioned as a more consistent, more accessible and less intrusive communication tool, aiding involvement and correspondence within our membership base. This launch is also a major first for an African Old Girls / Old Boys organisation and sees us form part of a select-few similar Associations globally.

The OSA mobile application has been developed to keep Alumni in touch with what is happening at the Association as well as the school at all times. By making use of Digital Peppa's Event Peppa solution, the app allows Alumni to view event details, access sporting and cultural fixtures, see our latest news, contact any of the leaders with click-to-contact facilities, receive real-time messages and view our image and video galleries. We have also integrated the OSA Membership card into the application that will allow you to replace your traditional membership card as well as access restricted areas in the application. Future versions of the app will allow members to make mobile payments, access advertising opportunities, showcase their products/services and much more!

About the App : We have taken a phased approach to the release of features and functionality. In the current Beta version, you will find nine sections; Events, Newsletters, Fixtures, Chapters & Teams module, Members Listing, Leadership module, a Media section for video and images, Notices, and last but definitely not least, your new Membership Card. Please take the time to download and access the App. Among some of the immediate benefits, displaying your Membership Card at the One & All, Higher Ground, and selected OSA functions will entitle you to discounts on and rewards; including 10% off drinks on Tuesdays before the dinner service.

Get the App : At launch, there are two versions of the App available; for Android, and the Mobi-Site for feature phones :

Android : As of 23 September 2014 the Android version is available from Google Play. Search for "Old Stithian" in Google Play.

Mobi Site : Visit <http://osa.telecode.de/mobi>, Click the Redirect Tab, Save the page to Bookmarks /Favourites

iOS / Blackberry and Windows Phone : Versions for iOS, Blackberry and Windows Phone will follow over the next thirty days. In the interim we recommend users of these platforms make use of the Mobi-Site.

We look forward to your involvement.

Sincerely

The Old Stithian Association has a proud history of contributing to the future of St Stithians College. Over the years, members of the Alumni, Parents and the Association have been involved in developing the College and its facilities to ensure we remain a world class facility.

In the past, Alumni and the OSA have been involved in the development of fields, lighting of fields, building of the HPC, donating funds for various projects around the campus and a number of bursaries to current and former pupils of our great school.

As the Association grows so we have been able to take on larger projects, the most recent being the building of our current home, The One and All facility which houses the Higher Ground Restaurant, The Warriner Pub, The Saints Lodge and a conference facility. All of these facilities have been open to the Saints community and have seen huge popularity for sporting events and private functions. Through the growth in these venues we have managed to grow further and we are now in a position to take on a much larger project.

The Higher Ground Development project includes 3 phases which will improve the area around the Higher Ground, increase the capacity for events and take the schools facilities to the next level.

All in all, this development project is envisaged to cost in the region of R7.5million to complete and will be funded through a number of channels. The OSA and the Old Stithian Trust will be looking to raise a large portion of these funds through donations and fund raising, with the goal of having the first 2 phases completed by the end of 2014 and ground being broken on phase 3 during the same period.

This project will help catapult our great school to the next level in terms of its facilities and ensure that we remain one of the best schools in the country. If you would like further information regarding the project or would like to make a contribution, please feel free to contact me at:

Shaun@flextra.co.za or 082 468 1445

Although this project is being managed by the Old Stithian Association it will only reach completion because of the help and commitment of the St Stithians community, one which has no equal.

I invite you to join me in helping to make a world of difference to a world class school making a world of difference.

Your sincerely,

Shaun Edmeston
Chairperson – Old Stithian Association

St Stithians Boys' College Dux Scholars— 1956-2013

Pete Backwell, a former Boys' College parent, as well as a former member of the BC PTA and St Stithians' Council, has proposed a "Dux Scholar Project". He would like to compile a book recording each of our Dux Scholars, showing what you have done with your lives since leaving the Boys' College. Hopefully this will include some pictures and some stories you would like to share. Obviously some of you have been out of school for longer than others, and thus may have more to tell! Both Pete's sons, Alex (2008) and David (2012), are past Dux Scholars.

The idea would be to update the book regularly, and to present a copy to the Dux Scholar, and the "12 Club", annually. It will highlight the academic side of school life, as well as what can be achieved after school. Please contact Pete on pete@hallsinv.co.za in order for him to send you a proforma of questions, which will help us in formatting the proposed book.

If you have any reservations, or queries, please feel free to contact me personally.
