## Message from the OSA Chair

Dear Old Stithians

It has been a manic start to the year, and I am sure you have felt it too.

With the New Year well on the way, a lot is happening at the OSA. From the planning of the Easter Festival which is well underway (Pg 15), to the details related to our development project being finalised, and everything in between. Once again we sent a team down to the Cape Town Tens Tournament, and although they did not win the division, they had a lot of fun in the process and represented us like we knew they would. I want to thank Christian Ashcroft and the team for all the work they put in and for being our team again this year.

The Higher Ground continues to be a hive of activity with more and more people visiting us on a weekly basis. We continue to get great reviews in the press and we are slowly becoming a sought-after venue in Gauteng. Remember, as a Life Member of the Alumni, you get to use the facility without having to pay venue hire fees, for the best view in Jo'burg.

My team is continuing their work on upgrading the membership value and we will finally have the membership cards ready for collection in the next couple of weeks. It has been a journey of trial and error so far in finding the right solution, but I believe we are there. So look out for the mail detailing the membership cards and when they can be collected.

With all this going on, we have launched the new OSA website [www.OLDstithian.org](http://www.OLDstithian.org) which will at first look better, but as the year goes on, watch out for additions of some great new services which we will be putting in place.

I know I have been talking about this for a long time now, but as we grow, we need more and more people to get involved in one way or another. We have taken on the development adjacent to Higher Ground and we will need your help in making this vision a reality. Our plan is to build a new Pavilion to service the Wayne Joubert field as well as the new field, which we will be grassing, irrigating and lighting, to create an amazing environment for sports, family and relaxation for all. In saying that, no project runs itself, nor does it pay for itself. We will be looking to raise funds through a number of events this year and will also be looking for people to help us with project management, supplies, or just time in the development of our home (Pg 11-12). If you are interested in getting involved or would like more information, please let me know and we can have a cup of coffee. I know that we will get this done and I know that we will get it done "One and All".

I hope to see you at the next OSA draw on 27 February 2014 (Pg 7).

Until we meet at the Higher Ground.

Regards

**Shaun Edmeston**

Chapel – 1958/59

*"This photo was rescued from an old slide that was about to be thrown away. It was probably taken by my father who did quite a lot of slide photography in those days. 'Those days' are probably my first two years at St Stithians (1958-59) because by my Matric year (1961) the Science Block to the right of the chapel was already in use, and in my Std 9 year the building operations were evident. The house of Mr Wally Mears', the founding Headmaster, is among the trees in the distance on the right. I was always aware of the Cornish connections of the school and the Cornish origins of the Founders, but recently that connection was made even more plain to me. I saw the crest of Cornwall and it is very similar to the old boys' badge, with the gold coins grouped in the middle (round the edge of the school badge). The Cornish motto underneath is, of course, 'One and All'."*

## New matric 2013 Life Members' Cocktail Party

A Cocktail party was held on 16 January 2013 for the new OSA Life Members of the Class of 2013 at the One & All Club. ## Letters of Mr E M (“Monty”) Harris

“Monty” Harris was one of the first four staff members of St Stithians College in 1953. From the first few days of the College until April 1961, shortly before he died during a holiday visit to his sister Lilian in England, he recorded the early years of the development of the College in letters to Lilian. Following his death and at the request of Mr Mears, the first Headmaster of the College, Miss Harris typed up the extracts about St Stithians that Monty had written in his airmail letters. These were first issued in 1969 (volume 1: 1953 – 1956) and a second volume (1957 – 1961) followed. Few extant copies remain. The Archives copy is a signed copy that formerly belonged to Lindsay Baytopp, the first groundsman after whom Baytopp field is named.

Here are a few extracts from the letters:

*Jan 31<sup>st</sup> [1953]:*

*“Yes, St Stithians has been “alive” for four days and it would not be far out to say that I, too, have been alive for the same period ... On Tuesday Mr Mears called for me at 9.a.m. and we proceeded to the house of Mr Tucker (he is an Accountant and one of the Council of the College) to pick up one desk and a load of books. From there to Ferndale where we picked up the two lady members of staff and thence the short journey to the school. The morning was spent in checking books, etc. and in the afternoon the boarders began to arrive. The boys are not a little proud of the fact that they will always be known as founder pupils. Wednesday was the great day. We were on the job about 7.20 a.m. ready for the influx of the nippers who do not live in. This is my first experience of classes for the “fives” and I have never seen so many small boys crying at the same time. ...*

*Feb 28<sup>th</sup>:*

*“And now to the doings of the week which has seen the first purchase of a St S cane and the use thereof. One of the Standard VII’s [Grade 9’s] so far forgot himself as to play the fool in Afrikaans lessons. I wonder whether he will go down in history as the first founder student to be caned.”*

The College Archives has undertaken, at the request of the Class of ’63 who recently gathered for their 50<sup>th</sup> reunion, to produce a limited edition reprint of these delightful items which contain a unique record of the early years of the school. Mr Baytopp’s copy and its companion volume have been digitised, printed and bound as replica sets of the originals.

These booklets are being made available to the Saints family, past and present, at R130-00 for the two volume set. Funds raised from this project will go towards the development of a Living History Museum in which the history of the College can be displayed and explored in both real and virtual formats.

The Old Stithian Association has a proud history of contributing to the future of St Stithians College. Over the years, members of the Alumni, Parents and the Association have been involved in developing the College and its facilities to ensure we remain a world class facility.

In the past, Alumni and the OSA have been involved in the development of fields, lighting of fields, building of the HPC, donating funds for various projects around the campus and a number of bursaries to current and former pupils of our great school.

As the Association grows so we have been able to take on larger projects, the most recent being the building of our current home, The One and All facility which houses the Higher Ground Restaurant, The Warriner Pub, The Saints Lodge and a conference facility. All of these facilities have been open to the Saints community and have seen huge popularity for sporting events and private functions. Through the growth in these venues we have managed to grow further and we are now in a position to take on a much larger project.

The Higher Ground Development project includes 3 phases which will improve the area around the Higher Ground, increase the capacity for events and take the schools facilities to the next level.

All in all, this development project is envisaged to cost in the region of R7.5million to complete and will be funded through a number of channels. The OSA and the Old Stithian Trust will be looking to raise a large portion of these funds through donations and fund raising, with the goal of having the first 2 phases completed by the end of 2014 and ground being broken on phase 3 during the same period.

This project will help catapult our great school to the next level in terms of its facilities and ensure that we remain one of the best schools in the country. If you would like further information regarding the project or would like to make a contribution, please feel free to contact me at:

**Shaun@flextra.co.za or 082 468 1445**

Although this project is being managed by the Old Stithian Association it will only reach completion because of the help and commitment of the St Stithians community, one which has no equal.

I invite you to join me in helping to make a world of difference to a world class school making a world of difference.

Your sincerely,

Shaun Edmeston  
Chairperson – Old Stithian Association

1. Pavillion
2. New field, irrigated and lit
3. Relocated cricket pitch
4. Potential indoor centre sites

## PHASE 1

### THE PAVILLION

The Pavillion will be built overlooking the current Wayne Joubert Field (directly below the Higher Ground). It will be built with increased change room facilities to help with the number of sporting events on the field as well as surrounding areas. It will also include a large open area which can be setup for catering for sports teams and supporters alike. The facility will provide viewing areas for the current Wayne Joubert Field and the newly envisaged field which will form part of Phase 2.

## PHASE 2

### ADJACENT FIELD

The current 'sand' field adjacent to the Higher Ground Conference Room is an opportunity to grow the overall school resources. The plan is to grass, irrigate and light the current field to make way for various setups for different sports. This will include space for two football/rugby fields and a cricket pitch. The pitch in the current Baytopp field will be removed and relocated so as to create a dedicated 1<sup>st</sup> team rugby field at the school. This development will create more space for current school teams as well as Crusaders sports teams and at the same time remove some pressure on the current fields.

## PHASE 3

### INDOOR CENTRE

The past few years has seen an increase in sporting codes offered on campus, many of which have the need for indoor facilities. This phase of the project will see the development of either the free space adjacent to the Higher Ground Conference Room or the current 'cabbage patch' field next to the pools. This facility will be able to host indoor hockey, netball and basketball for the learners as well as the Crusaders sporting codes. This facility will also be able to double up as a hall facility for the girls school.

## Saints Prayer Group

Welcome back Saints Family, and a special welcome to the new families joining our community in 2014. Once a week a group of parents meet to pray for the needs of our school. We would like to extend a warm invitation to you to join us if you can. We meet at:

**Higher Ground - Board Room,  
Wednesday mornings - 07h45 to 08h30**

This is an informal group and all are welcome – even for the occasional visit. If you are unable to attend but have specific prayer requests, please email them to [saintspg@gmail.com](mailto:saintspg@gmail.com).
