A Litany of Remembrance

In the rising of the sun and in its going down,
we remember them.
In the blowing of the wind and in the chill of winter,
we remember them.
In the opening of buds and in the rebirth of spring,
we remember them.
In the blueness of the sky and in the warmth of summer,
we remember them.
In the rustling of leaves and in the beauty of autumn,
we remember them.
In the beginning of the year and when it ends,
we remember them.
When we are weary and in need of strength,
we remember them.
When we are lost and sick at heart,
we remember them.
When we have joys we yearn to share,
we remember them.
So long as we live, they too shall live, for they are now a part of us, as we remember them.

Gates of Prayer
R.B. Gittelsohn (1975)

"For everything there is a season, and a time for every matter under heaven;
a time to be born, and a time to die;
a time to plant, and a time to pluck up what is planted;
a time to kill, and a time to heal;
a time to weep, and a time to laugh;
a time to mourn, and a time to dance."
Ecclesiastes 3:1-4

Foreword

Our College theme for 2026 is "Saints Journey, One Legacy". As we draw together in the Chapel, this theme is a fitting reminder that we are part of a bigger story. Today, we join as a Saints family to remember and honour those who have been a significant part of our journey. They may no longer be with us but their life journey is not done; each loved one lives on in us through their legacy. As we gather the names of each beloved, I am profoundly aware of the combined story that we share. In this moment, past, present and future are combined. The past gives us hope now for a future worthy of those who have made their contribution and how we carry their stories forward.

This service is an opportunity to remember the stories of those who are no longer with us. It is a powerful thing to name a loved one so let us share not only their names but part of their legacy. As we walk to the Garden of Remembrance, take the opportunity to tell someone a favourite story that speaks to your loved one's journey and legacy.

We dedicate ourselves to prayer and reflection as we honour those members of our Saints family who have passed on and share fellowship with those who so profoundly miss their loved ones. At the end of the service we will assemble in the Garden of Remembrance to mark the names of treasured members of our Saints family. Our promise is to keep the names of our loved ones not just in, but beyond the Garden. We add to the legacies of our loved one's lives when we journey as a community of care and belonging.

Every loss is profound. We carry the absence of presence with us always. Memories come on a song unexpectedly heard. There is the sudden scent of a favourite flower. There is a feather as a reminder or a rainbow that becomes a symbol of hope. Margaret Atwood describes how we miss our loved ones when she says: "I exist in two places, here and wherever you are."

I hope that you will come to the Garden of Remembrance often and that it will be a place of sanctuary. Let yourself be held in the heart of the College and in the hearts of all those who love you. This Campus is a place where your loved ones have walked. Their footprints now make a path in our hearts for our continuing story.

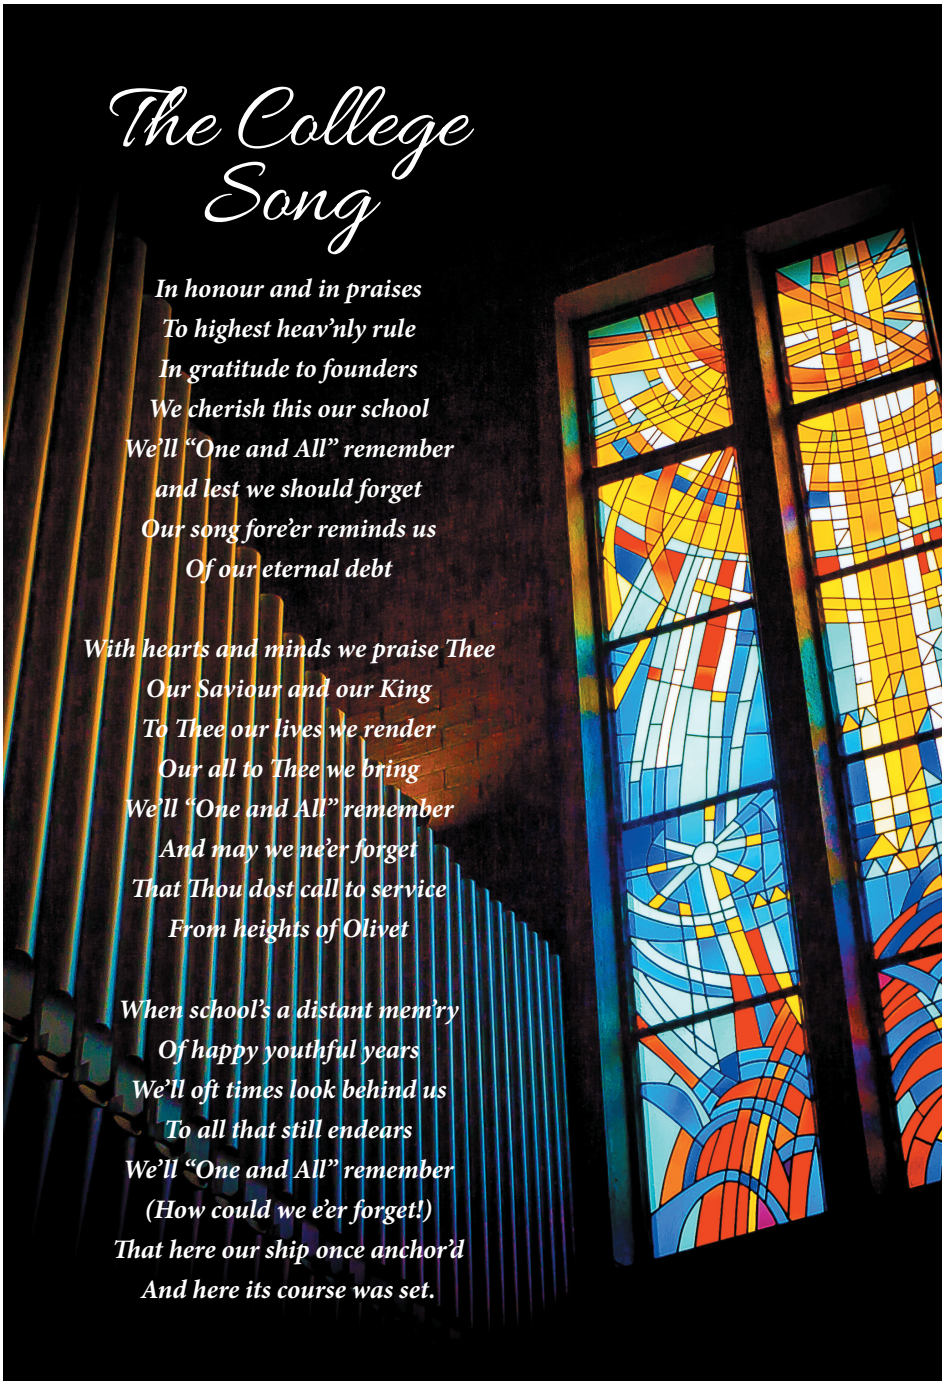

The opportunity to gather as a community to remember loved ones who have passed on is important and allows us to sit with our grief for a while, as well as affording us the time, both as individuals and as a College collective, to bear witness to those who have gone before us. The service is traditionally held on the Friday closest to All Saints Day, with the symbolic lighting of candles and taking of communion. We conclude in the Garden of Remembrance where a wreath will be laid on the wheel as a symbol linking the Chapel to the Remembrance Garden.

Our memorial booklet attempts to capture the stories of all those associated with the College who have passed on. This ensures that they will never be forgotten and will be remembered and honoured by future generations of Saints. The College, together with the families, honours all those who are memorialised in our booklet. We all play a part as the keepers of their stories.

We appreciate receiving updates and information so that our records of remembrance can be kept current. The Advancement Office is the custodian of these records on behalf of the entire College.

Please send details of the loss of any loved ones to the Advancement Office at remembrance@stithian.com. Commemoration in the Memorial Garden is organised through Toni Brooks in the Boys' College and she can be contacted at tbrooks@stithian.com.

The College Song

In honour and in praises
To highest heav'nly rule
In gratitude to founders
We cherish this our school
We'll "One and All" remember
and lest we should forget
Our song fore'er reminds us
Of our eternal debt

With hearts and minds we praise Thee
Our Saviour and our King
To Thee our lives we render
Our all to Thee we bring
We'll "One and All" remember
And may we ne'er forget
That Thou dost call to service
From heights of Olivet

When school's a distant mem'ry
Of happy youthful years
We'll oft times look behind us
To all that still endears
We'll "One and All" remember
(How could we e'er forget!)
That here our ship once anchor'd
And here its course was set.

The Garden of Remembrance

The Garden of Remembrance

Below, and to the left of the Dining Hall, there was a simple grave mound with an old weathered wooden cross lying on the ground facing east. The grave site was uncovered during the removal of plant material and trees during the excavation of the Dining Hall and boarding houses. It was apparently the burial place of a faithful farm gardener. In the early 1980s, it was decided to have the ground consecrated and then developed into the Garden of Remembrance it is today. The consecration took place on 20th July 1981.

When the staff quarters were dismantled in the area where the Girls' Prep car park is now in 1995, a small rusty gate was discovered. Staff who were living in the quarters informed the school that this was the original farm gate, separating the main road, which is now William Nicol Drive, and the farm. The gate was cleaned up and erected at the entrance to the informal Garden of Remembrance. The Garden of Remembrance has since been upgraded but the gate remains on the site.

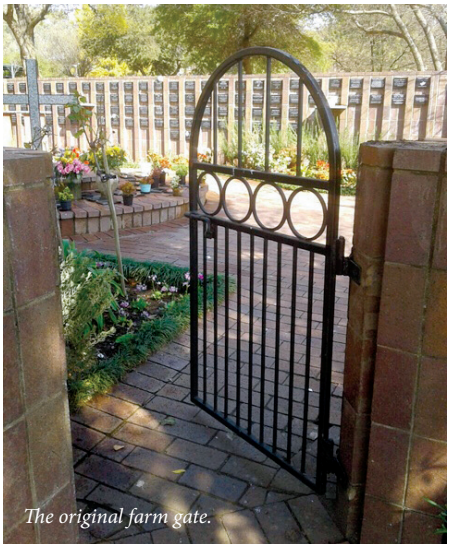

The next task was to develop the wagon wheel, for ashes. The wooden cross was replaced with the now white granite cross, which lay flat on the ground for many years until just recently. In 2010, it was repaired and placed upright, facing the chapel.

The tree in the middle of one of the circles is a *Podocarpus* (yellowwood), in remembrance of the Clegg family. The *Celtus Africana* trees that surround the Garden are for the Elmes family. Each one represents those who are remembered in the Garden – a son, a daughter-in-law and a grandchild. The sleeper benches were also placed to remember the Elmes family. The *Celtus*, I have been told, is part of the English elm family.

Plants in the wagon wheel were a concern as gardeners would weed and turn over the soil, not realising that ashes caskets had been placed close to the surface. It was therefore decided to brick cover the whole wagon wheel and place plaques to demarcate where ashes had been placed.

In June, 2010 Deighton Clegg sponsored the upgrade to the Garden of Remembrance to the value of R8 000. The work on the stairwell to the Dining Hall from the Cheetah Slopes was completed. His donation extended to supplying and delivering the plants and trees and having them planted by his landscaper. The Clegg family have plaques in the wagon wheel and on the plaque wall. Deighton still keeps an eye on the Garden, which is a special place for him and his family.

John was a teacher who came to the Boys' Prep School from The Ridge School in 1967. He was a character of note and many people referred to him as 'Our Own Mr Chips'. He was a South African with a great love for the English language and was a superb English teacher, editor of the school mag- azine, and had a passion for drama. He was an actor in his spare time and his classes won the best declamation prize year after year. John was always asked to do the announcements at school events. When he retired he was persuaded to stay on and coach softball to Grade 6s and 7s. John was lovingly nicknamed "Trolley Bus" by his pupils.

He served the College as Vice-Chairman and Chairman of Council. His son, Roston, was Dux Scholar and Head of the Dayboys in 1960. His grandson, Andrew, went through the school from Grade 1 to Matric. The close of 1994 saw the formal end of a long period of service by Ray Bradley. Ray had been present at the dedication of the Chapel in 1954 at which time the beautiful Good Samaritan window in the Chapel was donated in memory of his father. CHRIS HEWITT

4 October 1984 – 29 October 2008
He lived his faith and life to the full

Chris spent a large part of his formative years at St Stithians going right through from Grade 1 in 1990 to Matric in 2002. By all accounts, he had a very successful school career and benefited much from the education he received. He left Saints filled with confidence and with a desire to make a difference in the world. He was blessed with a life rich in purpose and crammed full of promise and when he put his mind to it, Chris could achieve anything. He had that unique and amazing ability to see beyond obstacles, always into the realm of possibilities. Chris was restless, living a super charged existence and this enabled him to achieve much as he pursued every dream and ambition. Chris was unsure of which career path to follow and so chose to study his LLB by correspondence as he explored the various job opportunities that excited him:

– A radio producer at 702, notably on David O'Sullivan's show but also occasionally on John Robbie's show 2003-2004.
– Rugby writer for Highbury working on Keo's

website as well as writing for SA Rugby and SA Cricket magazines 2005-2006.
– Becoming the chief rugby writer for Sports Illustrated in a freelance capacity 2007-2008.
– Youth pastor for St. Andrew's Anglican Church in Newlands Cape Town and music group (guitar and drums).
– Ministering to young cancer sufferers at Constantiaberg Hospital and at an AIDS Clinic in Khayalitsha.
– Communications Manager for the Springbok Rugby Team May – Oct 2008.
– Press and Marketing Manager of the band PLUSH, including an overseas tour to the UK with the group.
– Training for his private pilot's licence out of Lanseria, October 2008.

Flying was his passion, he was doing what he loved and he had made up his mind to combine commercial flying with fictional writing as his long-term career. He is much loved and very sadly missed by his parents, Bev and Garth, his sister, Jen and his family and friends.

SITESHAN CHETTY

19 March 1988 – 8 August 2009
Matriculated In 2005
"God has you in his keeping,
we have you in our hearts"
With love the Chetty family

Siteshan Chetty passed away as a result of a car accident on the 8 August 2009. Siteshan was a kind and gentle soul, always willing to help others and give them advice. He loved to have a good time with both friends and family. Siteshan was very intelligent and had no problems being accepted at St Stithians Boys' College. He loved being a student here and enjoyed playing hockey for the school, being a part of Krige House – meeting all the wonderful students. At the time of his passing he was studying for a degree in civil engineering, attaining distinctions with ease.

Siteshan was a careful driver which made it all the more shocking for our family to receive the news of his death in a car accident – though he was not the driver.

We would like to thank St Stithians for conducting this ceremony in memory of Siteshan's life and for the support given to us. Siteshan will never be forgotten and our memories and love will live on forever through his mother, Sally Chetty, father, Bazil Chetty, sister, Naveshnee Mandrie and her husband, Kumaran Mandrie.

TILL WE MEET AGAIN

IAN STUART WHITE

5 February 1947 – 24 August 2010
Here their ship once anchored

Ian was a boarder in Mountstephens from 1960 to 1965. Popular with all who new him, Ian had the knack of making friends wherever he went. At school he took part in everything (whether he came last in the Interhouse Gala races or not), and was enthusiastic about all school events. He was a member of the cast in more than one school play and was official scorer for the 1st Cricket XI for two years. Ian received a Merit Award (tie) for his many and selfless endeavours.

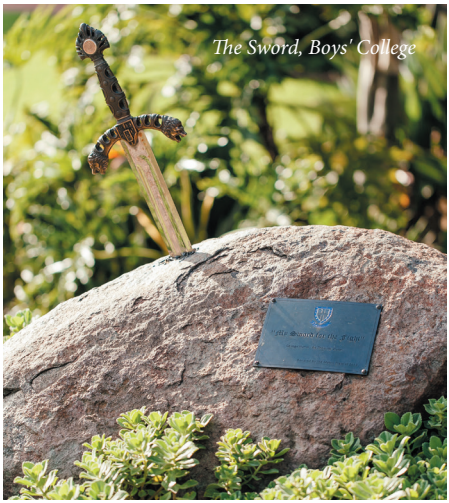

After completing his military service Ian was articled to a firm of accountants in Rustenburg and subsequently moved to Durban in 1975 where he soon found his niche in Anglo Vaal doing internal auditing until the Durban operation was closed down. Ian opted to stay in KZN and did a stint at Natal University, Pietermaritzburg Campus, after which he worked as a consultant and travelled widely in KZN, Mozambique, Swaziland, and Zambia.

Latterly Ian was involved with local government initiatives to improve the working standards in various municipalities, and was working as Chief Financial Officer for the Kwasani Municipality when he was struck down by cancer in July, 2011. He was an active member of the Institute of Internal Auditors, SA, and served on the committee of his local branch. Ian never married. A plaque designed by Ian in memory of his brother and his parents was placed on the rear wall of the chapel after his death.

COLIN BRIAN WHITE

9 September 1950 – 1 January 1994

Colin was a boarder in Mountstephens from 1963 to 1968. A Prefect, member of the 12 Club, prop forward in the 1st Rugby XV for three years and a very reasonable cricketer, held in high regard by staff and boys alike. On first seeing the school, before any decision had been made about where he and his elder brother, Ian, would be educated, Colin stated simply, "This is my school". Colin received the Old Mutual watch for Best All-rounder in the college in his Matric year. After school and military service he embarked on a Civil Engineering degree at UCT. He then returned to Johannesburg and was with SM Goldstein for many years, latterly a member of the Board. After many years of surgeries and radiation therapy Colin had to step back from fulltime employment much against his will, and succumbed to cancer after a valiant battle against the disease. Colin was married to Chris, an anaesthesiologist.

Campus Memorials

These Memorials are recorded in chronological order. They include free standing Memorials as well as Memorial Events.

1965 - MEARS HALL

This hall has been erected by the St Stithians College Trust assisted by the Parents' Association in recognition of the devoted service given to the College by the first headmaster Mr. W.G.A. Mears and his wife from 1952 - 1964

1972 – THE CARACAL LYNX

A tribute to the spirit of Collins House

This bronze statue was commissioned by the boys of Collins House of 1972. The Housemaster at that time was Rocco Erasmus who, along with Headmaster Mark Henning, agreed it was a fitting tribute to the spirit of Collins House. The statue was sculpted by Sheila van der Nest, mother of Collins boy, Tommy. The statue was unveiled by Anne Erasmus at a ceremony in 1972. A replica of this statue was commissioned by an admirer, with the boys' permission, and is sited at the Satara Camp in the Kruger Park.

1980 – BAYTOPP FIELD

In loving memory of Lynn Baytopp who so significantly contributed to the building up of this College

The Baytopp memorial is a simple marble slab placed on a brick column on the north-west side of the main rugby field. On the slab is the outline of a man, unmistakeably Baytopp, leaning on a stick with his two dogs at his side. Lynn Baytopp was the estate manager of the Boys' College employed under the Headship of Wally Mears. He was the site manager for Basil Read during the building of the College. When the building was completed he was employed in the capacity of Estate Manager. Lynn was a keen sportsman and took a great interest in the activities of the boys. He was a patient and caring man and well liked by his staff. Lynn started his employment in the College in 1953. After 27 years of dedicated service to the College he died on 6 July 1980. Baytopp Field is traditionally recognised as the field on which all first XV matches are played and it is a recognised honour to play rugby on Baytopp Field.

The Wally Thompson Memorial Lecture is an annual event in the Boys' College. Each year a presenter of high calibre is invited to talk to the boys on a topic of intellectual interest. This annual event takes place to honour the memory of Walter (Wally) Thompson.
Walter (Wally) Thompson was appointed by Mark Henning as an English teacher in the Boys' College. Wally was and exceptionally gifted and innovative teacher who inspired his pupils with both his dedication to his work and his insight into emotional and spiritual issues.
During the August holidays in 1991 Wally was leading a Boys' College hiking expedition in the Transkei when he died tragically after falling from the mountain side into the sea. His outstanding educational expertise is sadly missed.

1997 – THE MIKE ROBERTS MEMORIAL CHAPEL

It consists of four grey pillars connected by a plinth on which is inscribed "Be Still and Know". In front of this is a simple stone table and to the side a metal cross standing three metres high. Rev. Mike Roberts came to the Boys' College in 1994 to serve as Chaplain. Mike Roberts was a much loved pastor who stressed the importance of everyday life. He died of illness at the age of 55. Mike had three sons at the Boys' College and his wife Lesley worked in a secretarial capacity at the Girls' College.

2001 – THE WAYNE JOUBERT OVAL

The Cricket Oval which is situated above the wetlands area is named in honour of Wayne Joubert. This field known as 'Everest' by those pupils who have taken the climb across the grounds to reach it.
Wayne was appointed as Estate Manager in 2000, taking over this role from Cedric Binns. He was a wonderfully enthusiastic, energetic and ethical man who contributed greatly to the grounds of St Stithians. Wayne was tragically killed when he was struck by a car on Christmas Eve in 2001 when assisting a Saints parent who had been involved in a motor accident. This courageous and selfless act was symbolic of Wayne's nature. At the time of his death Wayne had two young sons in the Junior Prep. His wife Bridget joined the teaching staff of the Girls' Prep after he died.

THE BELL TOWER

The Bell Tower was erected by the Franklin, Griffiths, Houston and Yaldwyn families together with the school in honour of their daughters Peta, Kirsty, Sarah and Emma. The four girls became a part of the newly founded Girls' College when they left their old familiar schools to come together as Grade 10 pupils at the new Girls' College in 1996. The girls became a part of a grade group which gelled well socially and in which deep friendships were forged. Peta, Kirsty, Sarah and Emma matriculated together in 1998. They were all engaged in their tertiary studies in Cape Town when they were tragically killed in a motor accident in 2001.

The Bell Tower is a beautiful architectural structure consisting of four pillars, which represent each of the girls. The pillars support the Friendship Bell which is intended to portray friendship, support and unity. A beautiful circular marble slab containing inscriptions honouring the girls forms the base of the memorial.

The parents of the four girls wanted to convey to the community the reality of the very special friendship between the girls who are honoured in this memorial. The Bell Tower was conceptualised by the Rector of the College at the time, Mr David Wylde and under the Headship of Ivanka Acquisto, the ethos of placing great value on friendship, interpersonal relationships and peer support has been symbolised by the ritual use of the Friendship Bell. New students and staff each have an opportunity to ring the bell at their commencement and all leavers take a turn to ring the bell to mark their departure from the Girls' College. The Bell Tower is not consecrated and is not suitable for the burial of ashes or the placing of Remembrance plaques.

6 June 1987 – 3 May 2004
Larger Than Life

DEVOTED COLLINS HOUSE AND
ST STITHIANS SCHOLAR.

The Dan Crowsley Bell Tower is situated on the sloping lawns in front of Collins House in the Boys' College. It was donated to the College by Phil and Pam Crowsley, Dan's parents. Dan's sister, Amy, matriculated at the Girls' College in 2006. It is an aesthetically brilliant structure which was designed by a close friend of the family, John Whittaker, who was an architect. Sadly John died of illness a few months after Dan's Memorial was completed. The antique slave bell, which was donated to Collins House by the Gilmour family, is housed under a slate roof that matches the original buildings of the Boys' College. Dan's Bell Tower was consecrated by the Rev Dirk van Doorene.

Dan was a Collins House boarder and a very outgoing and energetic young man. He was an excellent sportsman doing particularly well in water polo and rugby. Dan's enthusiasm for life was often expressed as he sang opera in the shower in Collins House and his absence was sorely felt by his peers after his death. Dan died tragically on a weekend away from the family in a shooting accident in the Magaliesberg at the age of 16. Phil and Pam Crowsley, Dan's parents, have contributed greatly to the College. Pam is currently involved in the organisation "Gun Free South Africa" with a strong motivation to curtail the many tragic deaths that take place in South Africa as a result of poor control of guns.

BOYS' COLLEGE

IAN ANDERSON
Memorial Prize for the Matric Boy Consistently Displaying the Greatest Integrity

Ian matriculated at the Boys' College in 1981. Ian was a talented sportsman but his rugby career came to an end after his U15 year when he was badly concussed on the cricket field. Ian started coaching rugby and he received the Transvaal Union Referees' Certificate before he matriculated. Ian qualified as an accountant and lectured Economics to the Sixth Form students at the College. Ian became a world class rugby referee with good international experience and was rated the Number One referee in South Africa in 1994. At this time Ian had already refereed a number of games in the qualifying rounds of the Rugby World Cup. Ian was tragically killed in a motor car accident in 1994 whilst traveling back from KwaZulu-Natal where he had attended the wedding of close friends. Ian's integrity was recognized by all of those who were privileged to work with him and this was reflected in the choice of his memorial award. Ian's younger brother, David, has a son in the Boys' Prep.

SEAN DICK
Memorial Prize for the Matric Boy who has Rendered Outstanding Service to the Boys' College over a Number of Years

Sean is known as the 'legend of '93' amongst his peers. Sean was a pupil in the Boys' College, a College Prefect and a superb athlete and sportsman. Sean was a great mentor to the younger boys and contributed greatly to the College. He died tragically in 1994 during his first year of B.Comm studies at the University of Pietermaritzburg. His mother, Merle, was the National Chairperson of the Compassionate Friends of South Africa and has worked tirelessly to assist parents who have lost their children.

MAC FAKUDZE (MAQHAWE)
Memorial Trophy for Diving

Maqhawe Fakudze was fondly known as 'Little Mac". He was a boarder in Mt Stephens House and was well liked by his peers. He was born in 1984 and died tragically in 1999 during his Grade 9 year in a motor car accident when returning from a diving competition in Durban. Killed in the same accident were a girl from Roedean School and a girl from Sandringham High School. The memorial trophy depicts a diver standing on a diving board and this trophy is replicated in marble on his tombstone which is in Fourways Memorial Park where Little Mac is buried. At the time of his death, Sue MacKenzie, Boys' College Psychologist, took a number of boarders to pay their respects to Dudu Fakudze, Mac's mother, at his home. The boys asked the Elders permission to carry Mac's coffin into his mother's bedroom. Dudu was exiled in Swaziland during the Apartheid years and was a part of the struggle for freedom. Zenani Dlamini-Mandela, Nelson Mandela's daughter, who was present at the home, remarked that she did not think she would ever have lived to see white boys crying so heartbrokenly for a black boy. The boys sang the Saints Warcry at Mac's home with the permission of the Elders and it was an uplifting occasion which forged the sense of Ubuntu which has since grown so strongly in the College.

COLIN GILES

Memorial Prize for Natural Science in Grade 9

Colin was a pupil in the Boys' College and his death was one of the first recorded in the College. STEPHEN HOARE

Memorial Prize for the Most Improved Rowing Crew

Stephen was a pupil at the Boys' College and a talented oarsman.
Jeremy Harvard – Matric 1980 - contributed the following information:
"Steve joined the Parabats straight after school. In 1982 during an SADF Operation, Steve, who I believe was the heavy machine gunner for his 'stick' of Parabats was in one of two Puma helicopters flying extremely low at high speed just above the trees as South African Infantry on the ground chased a group of Swapo insurgents in Angola. In a one in a million chance, one of the insurgents fired an RPG-7 rocket propelled grenade at the Puma and hit it squarely on the nose. The chopper turned over straight into the ground and all aboard were killed instantly.
Steve Hoare, always a man of guts, jumped out of the helicopter seconds before the impact and landed alive in a tree. A fleeing insurgent shot him. It was one of the largest single losses of S.A soldiers in one action. This report comes from my talking to not just the pilot of the second Puma but the Platoon Commander of the S.A infantry on the ground when I was a SAAF Lieutenant during my national service."

GIRLS' COLLEGE

THE LINDSAY BENNETT AWARD

To be awarded to a girl who lives life to the full, contributes to the community and instinctively puts others before herself.

She contributed to the development of debating, drama, rowing and peer counselling in the newly founded College. Lindsay was a vibrant young girl with an enthusiasm for life and a value for friendship. She had spent the day enjoying the traditional Saints Rugby Festival in 1998 when she was tragically killed in a motor car accident on the way to a friend's house. She was 17 at the time of her death. "Ben" the Girls' College mascot is named in honour of Lindsay Bennett.

THE SAMANTHA KIRK MEMORIAL AWARD

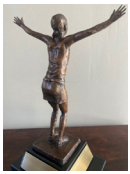

This award is presented to the Girls' College First Team hockey player who demonstrates Commitment, Camaraderie, Fair Play and the Love of Hockey.

Sam matriculated at St Stithians College, Class of 2022. She spent 13 years at the College participating in as many sporting codes as possible, but in later years she found her real passion was hockey. Her proudest moment was being elected Vice Captain of the Girls' College First Team and wearing her favourite number 11 on her school hockey kit. This truly gave her the opportunity to inspire players to love this sport and to learn life lessons from it. Samantha closed her final speech at the annual hockey dinner with, 'I have loved playing for my school, and I will miss you'.

Before being able to truly celebrate the end of her school career, Samantha suffered a cardiac arrest and subsequently died on the 13th of February 2023. In her honour her number 11 was retired from the Girls College First Hockey team.

The bronze trophy, sculpted by Rosamund O'Connor, was based on a photo taken of Samantha after her final hockey match for St Stithians Girls' College.

STEPHEN HOARE

In Memory Of
Stephen Hoare
Pupil Of This School
Born 5 October 1962
Killed in Action, 9 August 1982
From his Family our Joy

Stephen was a pupil at the Boys' College and a talented oarsman.
Jeremy Harvard (Matric 1980) contributed the following information: Steve joined the Parabats straight after school. In 1982 during an SADF Operation, Steve, who I believe was the heavy machine gunner for his 'stick' of Parabats was in one of two Puma helicopters flying extremely low at high speed just above the trees as South African Infantry on the ground chased a group of Swapo insurgents in Angola. In a one in a million chance, one of the insurgents fired an RPG-7 rocket propelled grenade at the Puma and hit it squarely on the nose. The chopper turned over straight into the ground and all aboard were killed instantly. Steve Hoare, always a man of guts, jumped out of the helicopter seconds before the impact and landed alive in a tree. A fleeing insurgent shot him. It was one of the largest single losses of S.A soldiers in one action.
This report comes from my talking to not just the pilot of the second Puma but the Platoon Commander of the S.A infantry on the ground when I was a SAAF Lieutenant during my national service."

LOVE

" LOVE We thank our parents:
Iain and Carol Thornton."
1982

Iain Thornton contributed the following:
At the time of dedication of the chapel windows, all four of our parents, Laurence Bertram and Mary Elizabeth (nee Inch) Thornton and Leonard Jones and Wilhelmina Hermina (nee Fourie) Basson, were all alive. They were cognisant of the gesture we made in gratitude for all they had done for us and the unconditional love they gave us.

The inscription, Love - we thank our parents, is intended to convey a message to One and All who pass through St Stithians College.

That message is that we,"One and All" should be most grateful for the love we receive and in particular, everything we receive from our parents - love, nurture, comfort, learning and a host of other things.

We are blessed to have parents and they should receive the recognition and gratitude they deserve.

WALTER MEARS ***(c.1891 – 8 December 1975)*** and **MRS NAN MEARS** ***(c.1895 – 8 February 1959)***

Founding Headmaster

The son of devout Methodist missionaries, Mears was educated in mission schools, Kingswood College and Rhodes and Cambridge universities. He distinguished himself in the academic sphere, played rugby and completed an epic 1000km trip on horseback from Grahamstown to Ixopo in 1911. Mears entered the teaching profession and, as headmaster, guided the establishment of not only one, but two great South African schools: Rondebosch Boys' High and St Stithians College. Mears was a strong believer in mankind being able to fill its destiny only in service to others and in the inalienable right of all men to be judged on their own merit alone, irrespective of race, creed or colour. Mears inculcated lasting values in both schools: their alumni have served their country and fellow men accordingly through the impact that their school years had on their lives.

Mears came out of retirement to serve as St Stithians' founding head from 1953 to 1961. His aim was to get a new school into top gear in as short a time as possible which he achieved through faith, inspiration, sacrifice, wise guidance and restraint and without becoming a financial burden to anyone. St Stithians itself is a memorial to Wally Mears, not through its bricks and mortar, but a memorial to the countless young lives imbued with the idea of making the world a better place for others. His ideals of selflessness; of justice and fair play towards all men; of honesty and integrity; of the sanctity of human life; and of service to all those in need of help were the foundation values on which the College is built. Founder pupils will remember fondly Mr Mears's "Old Man's Midnight Passage Drill" and his inimitable laugh.

Wally Mears was an inveterate tree planter in the early days of the College and his handiwork is all about us. The custom of yearly tree planting ceremonies by the Matrics and grade sevens began in Mears's time.

Mrs Nan Mears was an invaluable pioneer of the early years of the College. Her considerable experience of school life meant that she served in numerous roles as a nurse, matron, chef, supervisor of the estate and the newly planted gardens, and mother to the boarders; nursing the sick and comforting the homesick. She was greatly loved and is warmly remembered by the founder students.

DAVID ZIPP
24 October 1986 – 31 March 2010

DAVID'S JOURNEY: "his own"

David means: a man after God's heart. This is who he was. For my son who lived a life of grace David grew from a kind sensitive boy into a truly remarkable young man. Always considerate and protective of those he loved, he became a man of honour and great integrity. He loved life and embraced it with joy and enthusiasm. Osteosarcoma became his personal cross to bear at 18 just after matriculating from Saints and on the cusp of starting an exciting new life in Canada.

To a strong and courageous young man I had the honour of calling my son. You did not know it, but the example of your battle with this dreadful disease made a tremendous impact on all you came into contact with. You may have lost the battle, David but you won the war. Until we meet again.....

"Blessed is the man who perseveres under trial, because when he has stood the test, he will receive the crown of life that God has promised to those who love him." – James 1:12 NIV

"God grant me the serenity to accept the things I cannot change, the courage to change the things I can, and the wisdom to know the difference".

ZENANI ZANETHEMBA NOMASONTO MANDELA

9 June 1997 – 11 June 2010

Although my interactions with Zenani were very brief, she made her mark in my life. She was loving and caring to all those with whom she associated. She was a social butterfly who was most comfortable fluttering her wings amongst her peers. Her friends enjoyed her free-spirited, friendly personality and the time she made for all of them. She was constantly surrounded by girls from all grades because she was so loved. She was confident and outspoken, readily expressing her views. Zenani was an enthusiastic saxophonist and the passion with which she played in the Saxophone Ensemble, was admirable. She also performed with pride in the Nonyani Choir and played the marimbas and the drums energetically. She was in her element when engaging in musical activities. Although Zenani lived a short life, the impact she made was enormous. She lived life to the fullest by making the most of every moment, laughing, hugging, smiling, playing … the list goes on. We miss you Zenani; you will always be remembered.

STUART ALEXANDER SKEEN
12 September 1973 – 10 March 2015

Stuart matriculated from St Stithians in 1991.
The qualities that were innately Stuart are cherished qualities rarely found in one person. Incomparable father, son, brother, fiancée, relative, doctor, friend, colleague, his presence gladdened the heart, uplifted the spirit, stimulated the mind. He inspired the deepest affection, loyalty and respect. No longer having him in our midst leaves us totally bereft. He had soul. A great distaste for the counterfeit, the pseudo, rounded off this remarkable being. May his beloved children know and espouse his values and how profoundly he was loved.

In 2016 we lost the strongest woman we knew. A person who we both looked up to and aspired to be like. Our mom was the most generous and caring women. If ever anyone needed any help, she would be there. She was never one to turn down a challenge and there was no challenge too big for her when it came to helping those around her. Not only did she love my brother and I endlessly, but she treated our friends like her own children. She was taken from us to soon but is in a better place now where there is no pain and suffering, a place for her to look over us and to fly with the butterflies. We love you mom, forever and always. Engela, affectionately known as "Liewe Heksie" to her colleagues, served the College for over 20 years as a teacher and mentor to many of her students and fellow teachers. She was known for setting the bar high in both her diligence and values. To her husband (of 52 years), children and grandchildren she was the proverbial mother hen who placed their well-being above her own. Her passing left a void in their lives. Engela was never one to shy away from challenges. This is evident from the studies she completed just before her retirement and in the way that she dealt with the health challenges she had to face later in her life. She never looked down at others, but helped them as much as she could. It was an honour to know Engela as she always made a positive impression on others.

His great strength lay in his diagnostic abilities, analysing and correcting faults in the play and style of cricketers from eight-year-olds all the way to world-class international players, many of whom would consult 'Ridgy' to help correct a flaw. It is fitting that John is honoured by having a Boys' Prep cricket field named after him.

KEN HOVELMEIER
17 November 1940 - 8 September 2020
Teacher and school counsellor:
1962 - 2000
Dearly beloved husband of Myrna

Ken started teaching at St Stithian's Boys' Prep school in 1960 where he taught Maths and coached cricket. He had contracted pancreatic polio at the age of seven years and was diabetic. Sadly at the age of 28 he started losing his eyesight due to the diabetes. When he lost his sight totally, the school made the dramatic decision to keep this wonderful teacher on at the school in the role of Counsellor. Ken made a huge success of this new position and went on to play a pivotal role in the lives of many, many boys and girls who passed through the school.

In 1975 he met and married Myrna who was also teaching at the school and they went on to become the best of friends and companions for nearly 40 years. Ken was the Director of Student Affairs and created the PR committee. His ability to relate to children of all ages and with all kinds of problems, put him in the forefront of Counsellors. He mentored the 1st team at Squash for many years and produced the most successful Squash teams that Saints has ever had.

Ken accomplished an enormous amount in the course of his life, despite all the challenges he faced on a daily basis. He was always positive and upbeat and was an amazing example to so many people over the course of his life. His positive influence spread far and wide. He lived an extraordinary life. What an imprint your footsteps have left upon our hearts.

BILL CARTER
18 December 1932 – 9 January 2021

Bill and Denise Carter joined the Saints family in 1972 and were College parents for 20 years. Their four sons Alain (Class of 1977), Guy (Class of 1981), Pierre (Class of 1984) and David (Class of 1991) all attended St Stithians and subsequently two grandsons Greg (2007) and Michael (2014) also attended Saints.

It was not long before Bill became involved in the school, serving on the Parents' Association committee in 1973 and 1974 and as Chairman in 1975. From 1975 until 1977 Bill served on the College Council as PA representative and thereafter as a representative of the Methodist Church of SA, serving continuously until 2003. In 1986 he was appointed as Vice-Chairman of Council serving under the redoubtable Rev Stanley Pitts and later under David Schroenn. Bill was appointed to the St Stithians College Trust as a Trustee in which capacity he also served continuously until 2003. With the establishment of the girls' schools in 1995 and the Junior Prep in 2001, the Council portfolios were restructured: Bill's responsibility on the Executive being Planning and Buildings.

Bill was instrumental in the success of the Adventurer's Club which established the outdoor interest in the Boys' College. Between 1975 and 1983 he led a number of trips into the Drakensberg mountains, hosting students at his mountain cottage en route and providing transport as well. Two of his sons, Alain and Pierre, took part in these trips and were no doubt influenced by their father's love of the mountains.

Bill's influence on the physical development of the College infrastructure was significant. In 1980, Bill was appointed as architect of the (at the time) state-of-the-art Boys' College Resource Centre. He was also instrumental in designing the MacFarlane block in the Boys' Prep and the Henning and Frost blocks in the Boys' College as well as many other buildings on Campus. He was part of the team that conceived, established and designed Penryn College in the Lowveld. He also designed the Girls' College and Girl's Prep buildings in record time.

Bill conceived the built masterplan for St Stithians which included the parallel flows in our buildings, with the Saints Chapel and the Mike Roberts Outdoor Chapel purposely placed to be at the end point of the school journey, ensuring that students are guided towards God throughout their time at Saints.

The Honour Circle alongside Chapel Drive was donated to St Stithians by the Carter Family and is a fitting and timely reminder of the values and integrity by which Bill lived his life, and it, in turn inspires others to Honour God, Honour Others and in so doing Honour themselves.

Bill Carter was a true example of a servant leader and One and All at St Stithians and Penryn College are grateful for the life he led and for the immense and significant contribution of Bill and the Carter family.

To win the respect of intelligent people
and the affection of children;
To earn the appreciation of honest critics
and endure the betrayal of false friends;
To appreciate beauty,
to find the best in others;
To leave the world a bit better,
whether by a healthy child,
a garden patch,
or a redeemed social condition;
To know even one life has
breathed easier
because you have lived.
This is to have succeeded.

ANDREAS "ANDRIES" DLAMINI
10 March 1955 – 8 September 2021

At the end of June 2018 we bade farewell to one of our longest serving staff members, Mr Andries Dlamini who retired after 37 years of service to the College. Mr Dlamini began working at Saints in 1977 in Mountstephens boarding house. He returned to KwaZulu-Natal when his father sadly passed away but came back to the College in August 1983 where he started working as part of the grounds team of four alongside Mr Baytopp.

He married Samariya Sombo in 1984 and together they raised 8 children.

For 35 years, Andries Dlamini marked every line on every field at Saints. He cut, watered, marked and rolled each cricket pitch together with the grounds team for years. He had the enviable skill of marking out athletic tracks and sports fields using a tape measure, lengths of rope and a line marking machine, without a plan. The information was in his head and the "feel" the ability, the skill was in his hands.

Andries was a perfectionist and an ardent supporter of Saints sport often the most animated supporter on the side of our fields.

Every athlete, cricketer, footballer, rugby player, and all students who used to play hockey on the grass fields, and 1000s of others, owe much of their happy hours of play and competition to Andries Dlamini.

At Founders' Day in 2019 we were able to show our gratitude to Andries by naming the old Main Oval, The Dlamini Oval.

Sadly, Andries passed away in August 2021 of intestinal complications.

Andries turned a job into a passion – he always fretted about standards; his own standards and they were always higher than we could imagine.

We are comforted by this scripture in the Bible from John 14:27, "Peace I leave with you, my peace I give to you. Not as the world gives do I give you. Let not your heart be trouble, neither let them be afraid."

Death has certainly robbed us of your physical presence BUT we are rich as we have gained a Guardian Angel in Heaven. Rest in eternal peace in the comfort that you've not died but have multiplied, we will hold you very dear to our hearts as long as there is still breath in us.

Because

Because the wind blows the trees sway,
Because the fire crackles the grate is warm,
Because the sun shines there is light,
Because of you, my world is oh so bright.

When I was in the dark tunnel, you shone a light helped me see,
Because of you, the flames of Hope and Faith were rekindled inside me,
You are my reservoir of Truth, Wisdom and Peace
Because of you, these life-giving qualities flow from my goblet every day,
You have helped me grow my wings and soar.

Because the moon shines the tides turn,
Because the seasons change the buds bloom,
Because the river rages the dragonflies take flight,
Because of you, my world is oh so bright.

ALF MITCHLEY
17 April 1950 - 27 February 2022

Alf Mitchley worked at St Stithians College from 1998 to 2013. Often seen as a founder of Design and Technology in South Africa, his legacy lives on in the numerous textbooks, workbooks and the thousands of teachers who developed a love for, and an understanding of, Design and Technology.

However, Alf was far more than this; a gifted teacher, greatly admired educator, playwright, artist, cartoonist, scientist, environmentalist, philosopher, and a creative genius. His understanding of the learning process enabled thousands of children to understand how to solve problems through thinking, designing, creating, testing, refining and communicating their solutions.

In a career spanning over 40 years Alf produced over 30 school plays, most of them involving every child in the school and his involvement went from writing, all the way to set design and production.

The founding and success of the Thandulwazi Maths and Science Academy can be attributed to many people and donors, however without Alf Mitchley it wouldn't have taken off as quickly as it did. Alf's many Thandulwazi workshops were always fully subscribed.

Right up until his death Alf was still writing and illustrating educational textbooks, more recently creating animations for digital videos. Alf 's life was a learning adventure, and his teaching epitomised his love for life which will live on as part of his legacy.

Our condolences go out to Alf 's wife Claire and the Mitchley family on the loss of greatly loved husband, father and grandfather; along with our gratitude for the world of difference he made to St Stithians College and the thousands of teachers and children whose lives were so positively impacted by Mr Mitchley.

DOREEN McKENZIE READ
(Née FISHER)
16 February 1914 – 6 June 2023

"My Mother was an enthusiastic supporter of the school especially so as my father was involved with the layout of the sports fields in the early days of the school's inception."
Born in Cape Town in February 1914, before the start of the First World War, she only met her father when he returned from the War in 1920. She met her husband Basil shortly before the outbreak of the Second World War and he went to war returning in 1945.

Mrs Read's late husband, Basil Read, donated his labour and building equipment to level the groundworks before the first buildings were erected. The Reads were huge benefactors to the new school, constructing the drive from Main Road down Chapel Drive to the Chapel, and laying out the levels for the buildings and playing fields.

Doreen and Basil stood on the site of the boys' tuckshop together with Lindsay Baytopp, the first groundsman, and decided where each of the main fields should be. The Basil Read Pavilion building that houses the tuckshop honours their contribution.

They were both deeply involved as parents in catering for functions, fundraising and helping to build the school that we all enjoy today. Their oldest son Graeme (Curly) began at Saints in 1953 and Malcolm began in 1956. One of her great-grandchildren is currently at Saints.

Basil and Doreen played a prominent role in much of the development of St Stithians and the Read family ensured that many of our founder students were able to attend St Stithians through the Reads' generous contributions to school fees.

The history of St Stithians recognises the incredible financial contributions of the Read family to a number of early buildings and facilities at St Stithians. Basil had been a student at Kingswood and knew Gilbert Tucker and Wally Mears. The Reads were part of the very first Parents' Committee and Swimming Bath Committee which raised funds for the first swimming pool which is still used today. Doreen was also a member of the very first Parents Association in 1956.

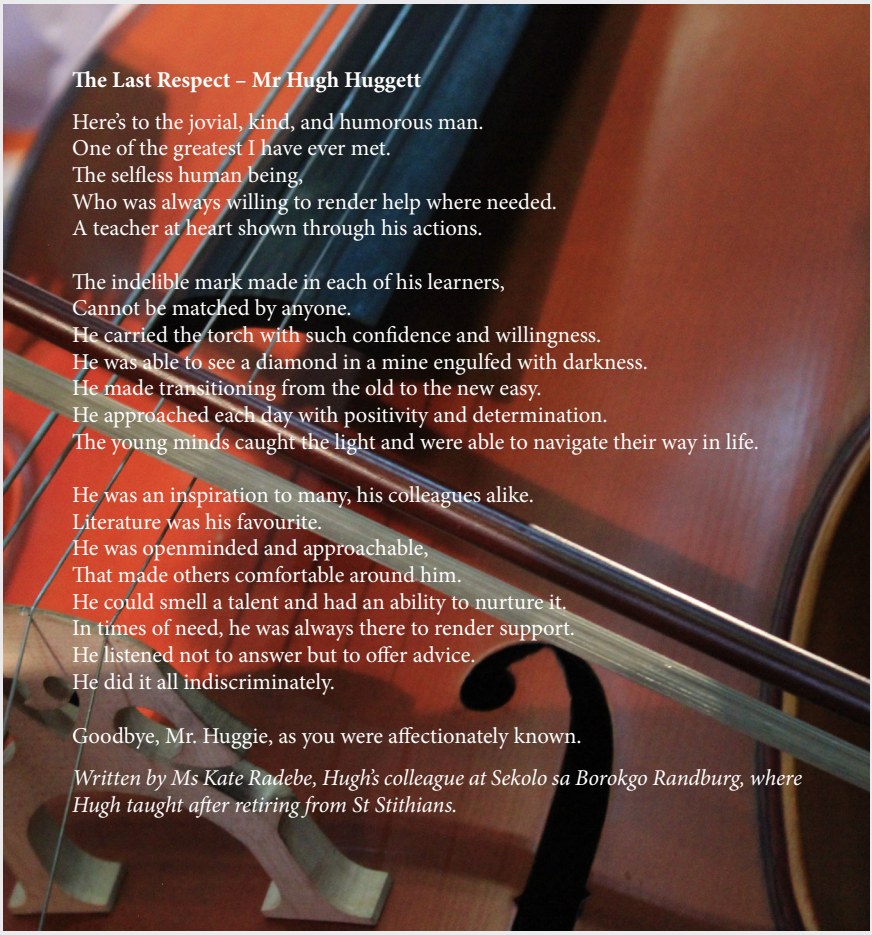

When we reflect on the school's beginnings it is clear that it is people like Doreen Read who set us on the path to success.We are forever grateful for her contributions and will always remember her legacy with fondness and appreciation.

Emma and Clare, and grandfather of 7.
HOD English, hockey and cricket coach, housemaster of Collins House,
member of St Shthians Singers, co-founder of The Duke of Cornwall Singers and, (together with the Aitken family), initiator of the Aitken Hockey Tournament. An outstanding teacher and mentor; friend to many and consummate gentleman of boundless wit and good humour, Hugh always saw the best in others. He spread warmth and fun wherever he went. He was impartial in life and sport, saying, 'the game is everything on the field, but nothing off it.'
"His life was gentle, and the elements so mixed in him that nature might stand up and say to all the world, 'This was a man!'"
William Shakespeare, Julius Caesar

The Last Respect – Mr Hugh Huggett

Here's to the jovial, kind, and humorous man.
One of the greatest I have ever met.
The selfless human being,
Who was always willing to render help where needed.
A teacher at heart shown through his actions.

The indelible mark made in each of his learners,
Cannot be matched by anyone.
He carried the torch with such confidence and willingness.
He was able to see a diamond in a mine engulfed with darkness.
He made transitioning from the old to the new easy.
He approached each day with positivity and determination.
The young minds caught the light and were able to navigate their way in life.

He was an inspiration to many, his colleagues alike.
Literature was his favourite.
He was openminded and approachable,
That made others comfortable around him.
He could smell a talent and had an ability to nurture it.
In times of need, he was always there to render support.
He listened not to answer but to offer advice.
He did it all indiscriminately.

Goodbye, Mr. Huggie, as you were affectionately known.

Written by Ms Kate Radebe, Hugh's colleague at Sekolo sa Borokgo Randburg, where Hugh taught after retiring from St Stithians.

"I am the resurrection and the life. The one who believes in me will live, even though they die."
- John 11:25 (NIV)

Father of Ofentse, Omolemo and Karabo.
Gone from our sight, but never from our hearts. We thank God for the gift of your life, your love, and the legacy you leave behind. May your memory continue to inspire us, and may you rest in eternal peace.

MMOTI WILSON SEMONO
30 September 1947 - 13 May 2026

Wilson Semono served St Stithians College with great loyalty and distinction from March 1995 to December 2011 as our Events Supervisor in the Operations Department. He was deeply respected across our Saints community and was fondly regarded as a father figure to many of the younger staff in the Operations Department. With quiet generosity and great strength of character, he took colleagues under his wing ensuring they were supported and valued.

Nothing was ever too much to ask of Wilson. Whether the task was large or small he approached it with diligence, grace and an unwavering commitment to excellence. It was both a privilege and a joy to have him lead within the Operations team and to count him among the staff of St Stithians.

It is therefore especially fitting that the Semono Building bears his name, a lasting tribute to his service and influence within the College. Together, we honour and give thanks for Wilson's enduring legacy.

Cameron at St Stithians College - The Light Remains

"What we have once enjoyed, we can never lose. All that we love deeply becomes a part of us"

– Hellen Keller

This is especially true of Cameron. She will live on in our stories, memories, the laughter still to come, and in every moment we think, "Cam would have loved this." The love and friendship she gave so freely did not end when the moment passed.

Rowers often talk about the wake a boat leaves behind it. In time the wake fades from the water, but the boat keeps moving forward because of the power that created it. Cameron's life was a little like that. The time we had with her was far too brief, but the strength, love, friendship and joy she created continue to move us all forward.

Cameron's light will never fade. In many photographs of Cameron, the sun is clearly shining on her. It catches her hair, lights up her face, and seems to gather wherever she happens to be standing. At first, it might seem that perhaps Cam is the one following the light, like a sunflower, but in reflecting on her life, it is clear that Cameron, in fact, was the light. She did not seek light or follow light, she was the light. And even after the bell rings, her light will remain in the St Stithians family forever.

Go well our Cameron.

Beloved daughter of Derrick and Claire, and sister of Ethan.

Cam brought an extraordinary light into our lives. She was kind-hearted, adventurous, fiercely determined and full of fun, with a beautiful spirit and a love for life that was infectious.

She embraced every adventure with courage and enthusiasm, gave her all to the things she believed in, and loved her family, friends, rowing and netball with all her heart.

We always knew Cam as someone who stood up for what she believed in, who wasn't afraid to speak her mind and who cared deeply about the people around her. But since losing her, the stories shared by her friends, teachers and rowing community have shown us just how far that kindness and love reached.

Her friends have spoken about how she made them laugh, celebrated their successes, stood beside them when things were difficult and encouraged them to believe in themselves. Younger girls found confidence through her encouragement, while her rowing teammates knew they could always count on her to give everything she had.

We are so proud of everything Cam achieved, but what we loved most was simply being her family. The everyday conversations, laughter, family holidays, adventures and precious moments together meant more than anything. Watching her and Ethan grow up together, sharing their jokes, supporting each other and developing their own special bond was one of our greatest joys.

To us, she was not just the remarkable young woman others knew. She was our darling daughter, Ethan's beloved sister, and such a beautiful part of everything we were as a family.

Seventeen years could never have been enough, but the love she gave us will last forever.

We miss her in every part of our lives, but we will keep speaking her name, sharing her stories and carrying her with us in everything we do.

Our beautiful Cam, we will carry you with us in everything we do. You were, and always will be, our light.

All our love,
Mom, Dad and Ethan.

Prayer

Gracious and Loving God,

As we pause to remember those members of our Saints school community who have died during the past year, we give thanks for their lives, their gifts, and the ways they touched our hearts.

We remember cherished students, staff, family members, and friends whose absence is deeply felt. Though they are no longer with us, the memories we hold remain a precious part of our lives. We thank You for every act of kindness, every shared laugh, every lesson learned, and every moment of love.

Comfort those who grieve, strengthen those who feel the weight of loss, and surround all who mourn with Your peace and presence. When sadness seems overwhelming, remind us that Your love is greater than our sorrow and that nothing can separate us from Your care.

Help us to honour the lives of those we remember today by living with compassion, courage, and gratitude. May their legacy continue to inspire us, and may we find hope in Your promise of eternal life through Jesus Christ.
Grant rest to those who have died, comfort to those who mourn, and hope to us all.

Amen

The Way Forward

College Prayer

Dear God,
Let my purpose each day be to honour You,
I seek to praise You through faithful service,
I seek to honour You through dedicated worship,
I long to be filled with the fruit of Your Spirit
So that I may journey along a path of prayer
Towards knowing You as my God.

Let my purpose each day be to honour others,
Let me seek to respect and value each person that I meet,
And see You reflected in my neighbour.
Help me to journey towards finding the beauty in others,
Help me to journey towards building others
Through co-operation rather than competition,
And towards an understanding of You as my God.

Let my purpose each day be to learn to honour self,
Allow me to grow in moral courage so that I may express the truth,
Allow me to find the strength to live a disciplined life.
I ask You to walk beside me,
As I journey from loneliness to solitude
Towards a discovery of the uniqueness of self,
And a personal knowledge of You as my God.

Amen

"Peace I leave with you,
my peace I give to you.
Not as the world gives
do I give to you.
Let not your hearts be troubled,
neither let them be afraid."
-John 14:27

College Hymn

Be thou my vision, O Lord of my heart,
Be all else but naught to me, save that thou art;
Be thou my best thought in the day and the night,
Both waking and sleeping, thy presence my light.

Be thou my wisdom, be thou my true word,
Be thou ever with me, and I with thee, Lord;
Be thou my great Father, and I thy true son;
Be thou in me dwelling, and I with thee one.

Be thou my breastplate, my sword for the fight;
Be thou my whole armour, be thou my true might;
Be thou my soul's shelter, be thou my strong tower;
O raise thou me heavenward, great Power of my power.

Riches I heed not, nor man's empty praise;
Be thou mine inheritance now and always;
Be thou and thou only the first in my heart;
O Sovereign of heaven, my treasure thou art.

High King of heaven, thou heaven's bright Sun,
O grant me its joys after vict'ry is won;
Great Heart of my own heart, whatever befall,
Still be thou my vision, O Ruler of all.

Tribute

to Memorial Booklet Initiators and Contributors

The first edition of the Memorial Booklet was published in 2007 by Sue MacKenzie, who had been employed at the Boys' College as a counselling psychologist. Her goal was to record and preserve the human stories associated with the memorials located on the grounds of St Stithians. These memorials exist in the Memorial Garden and in many other places on the campus. The booklet developed into a living history of those who have walked before us, and who have been part of the Saints community. The Memorials Booklet provides a window into the personalities and history of the College, honours those families who have chosen Saints as the final resting place for their loved ones, and reminds the community that we remember and honour those who have gone before us.

The following people are acknowledged for their historic contributions to this project:

Ken Hovelmeier (deceased)	Counsellor to the Boys' College until 2000
Sean Tumner	Clinical Psychologist to the Boys' College
Fiona Schwartz	Secretary to the Psychological Support Department at the time of the Booklet's first publication (2007)
David Wylde	Head of the Boys' College (1989-1998), and Rector of St Stithians (1999-2002)
Ian McLachlan	Head of Boys' College (1999-2006)
Lynde Dicks	PA to the Head of Boys' College (2002 - 2011)
Christine Boxall	IT administrator until 2012
David and Susannah Knowles	Previous Boys' College Head and previous OSA Secretary (2007-2017)
Julia Phipps	Director of Stakeholder Relations Advancement Office
Margaret Goodbrand	Initiator of the Garden of Remembrance
