As we congratulate our matriculants, we are conscious of the deep roots of their educational success, going back to the foundation years of schooling. We express our gratitude to the teachers of the Preparatory and Junior Preparatory schools of St Stithians College, and to the teachers at other schools whose students enrolled at the Boys' and Girls' Colleges.

We wish all our Matrics a fulfilling first year out of school, wherever they find themselves, and we encourage them – One and All – to stay connected with St Stithians as they venture forth into this new stage of their lives.
